Hymns for Thomasius Epistles

By ADALBERT R. KRETZMANN

THE Thomasius Epistles make a most interesting series to supplement the old Hieronymic series. The following "Hymns and Sermon Texts" was prepared for the use of the teachers, choirmasters, and organists at the Church of St. Luke in Chicago.

The teachers are in this way enabled to practice the hymns and do preliminary and introductory work on the sermon text in the classrooms. Choirmasters can match their music with the sermon texts and hymns. The organist has an opportunity to select preludes, voluntaries, postludes, etc., in the most efficient and proper manner. The entire program worked out in this way gives point and direction to the unification of the services.

Naturally, during the year changes had to be made because of special occasions which were unforeseen. That will be the case with any such series.

The Wednesday morning service uses the hymns for Matins and an adaptation of great missionaries' favorite texts as meditations for the children of the school.
